by Chan Mason

We'd like to write in to the missing Duck story carried last week, but we can't. Tony Sonka reported in to say that the story was wrong. Claims he never chased a duck in his life. Matter of fact, he confides it was a goose. Whatever it is, the bird has taken sanctuary in an auto lot near McMahan's, according to Don Dolence, the store's manager. The bird promptly fell in love with Howie Jollet's big black dog which guards the lot at night. The bird stopped traffic on Broadway, according to Dolence, by engaging in a fight with other dogs who might or might not have had romantic notions about Jollet's hound. As this is written the two animals have formed a cozy little twosome and brook no interference from anyone.

One of these days we will do a column listing the credits piled up by all who have worked so hard for the March of Dimes here in the Grove. But we would like to give honorable mention to all our young people who have worked so hard on the drive. At this writing some \$1000.00 is in the coffers from their efforts alone. Just another example, we think, of what can be accomplished through adult supervision over the activities of our young people.

HATS OFF DEPARTMENT.  
To Palmer Svalstead on his recent appointment to the Grossmont High School Board of Trustees. With two boys of his own attending Helix, Palmer has been most active in the affairs of that school. May we suggest a sizeable local attendance at the next meeting of the Board as sort of a good-will gesture to our first representative to that august body?

To Mrs. Jewel Scheide, daughter of Ed and Edith Glaser, operators of the Lemon Grove Auto Radiator Co. Recently, after the fashion of Churchill and President Eisenhower, she has taken up oil painting. She is presently showing a still life study which has attracted commendation from local painting enthusiasts. She has developed this unusual artistry in addition to brooding a fine family.

—ML—  
One of life's little embarrassing moments was recently experienced by the newly elected president of one of our local Ladies Organizations. The Presy, anxious to build up the club's treasury asked the secretary in open meeting to read the names of members who were delinquent in their dues. The very first name read was, you guessed it, hers.

—ML—  
Lemon Grove's second annual March of Dimes dance and entertainment is coming up this Saturday at 8 p.m. at Helix High School. This event, sponsored by the Lemon Grove Kiwanis Club and their wives realized better than \$900.00 last year for the Polio Fund. Every dime taken in is pure profit for the March of Dimes.

The fine music of Al Cassel and his band is provided by the Recording Fund through Musician's Local 325. Some really fine professional entertainers have been signed so that even the non-dancers will have fun. The Kiwanians are going all out baking pies and cakes so when asked to shell out a buck donation for an adult or 50c for a teenager, don't do so, then stay home. Come on over. We'll guarantee you a good time.

Through the splendid cooperation of the merchants, the Block of Dimes held in Monterey Heights Saturday was a huge success, netting a total of \$79.90, while all Girl Scout troops took turns in standing guard. Monterey Heights wishes to thank the Lemon Grove Fire Department and Mr. Calderone who participated and Mr. Cheatham, Music Director of the Lemon Grove Junior High School Band, who on very short notice brought the band and majorettes to furnish entertainment.

## Three File For School Board

### S. V. Man Held On Wife-Killing Charge

Violence struck Spring Valley this week when Mrs. Helen Pixley Pope, 40, 2637 Helix St., was killed by her husband, Jerry A. Pope, 29, according to the San Diego County Sheriff's office.

Her husband is being held in county jail on suspicion of murder after police representatives said that he pumped eleven shots into his wife from a semi-automatic pistol in the living room of their cottage. Four other persons witnessed the shooting but no one else was wounded.

The tragedy occurred when Pope, returning home with another couple, found two sailors in his home with his wife.

In the ensuing argument the police said, Pope acquired the pistol and fired eleven times at short range.

Sheriff Rigley, Lemon Grove constable, said that they had answered a complaint at the couple's home last year.

Rigley said that Pope admitted at the Sheriff's office that he fired the fatal shots.

### Lemon Grove Host To County Fire Chiefs

Fire chiefs and firemen from 23 district departments of San Diego County were represented at a meeting held at the Lemon Grove Fire Station Friday.

Battalion Chief Robert Ely, San Diego Fire Department, was the principal speaker. Chief Ely said that proper maintenance of equipment was one of the most important factors of an efficient fire department. Good maintenance can save your district many dollars as well as keeping your department at the highest safety peak, he pointed out.

John Colton, Chief Engineer of the Board of Underwriters for the Pacific, who spoke on the same subject, made some very valuable suggestions regarding upkeep of equipment.

### Polio Dance Needs Help To Succeed, Leaders Warn

March of Dimes leaders were this week totaling up, rather dimly, the income derived from a half dozen events amounting to only about \$1,000.

Tom Warburton and Channing P. Mason said that two block of dimes events in Lemon Grove proper and three balloon sales plus the block of dimes last week in Monterey Heights had resulted in a little more than \$900 ready for depositing in the March of Dimes bank account.

Four other events were to come and it is hoped these might bring the total somewhere near the record \$5,102 rung up last year.

Most disappointing to date say the chairmen is the dance at Helix High School. Helix High School students were out this week with posters and handbills of tickets attempting to re-arouse interest among local residents. In addition to dancing a floor show type entertainment program is scheduled. Several of the youngsters from Helix will do specialty

### PAUL FELS DIES IN LEMON GROVE

Paul Fels, 71, of 622 62nd St., a San Diego County resident for 50 years, died Monday night in the home of a friend at 7715 Church St., Lemon Grove. He was distantly related to the late Samuel S. Fels of the Fels Naphtha Soap Co.

Mr. Fels was a retired rancher. He was born in Minnesota and moved to San Diego from Imperial Valley. Survivors are two sisters, Mrs. Anna Carpenter of Lemon Grove, and Mrs. Lena A. Krone of San Diego.

### Graten Roberts Passes Saturday

The husband of one of Lemon Grove's business and civic leaders died in Lemon Grove last week.

Graten Roberts, 42, 2031 Dayton Dr., died while operating a small tractor while plowing a plot at 8002 Lincoln, Saturday.

His wife, Elizabeth Frances Roberts, is present chairlady of the Lemon Grove Red Cross. She also operated a millinery shop on Broadway until her husband returned from overseas duty.

### Grossmont Concert Week Starts Feb. 8

Grossmont Community Concert Week has been set for the week of Feb. 8, according to Hugh D. Sessions, president of the Grossmont Community Concert Association.

As a bonus, new members will be given admission to the final concert of the present season which will be March 15, he said.

According to Chief "Pappy" Hensley, the Lemon Grove Fire Department was commended as being one of the best equipped and maintained departments in San Diego County.

Refreshments, after the meeting, were provided by the personnel of the Lemon Grove department.

numbers while Al Cassel's two vocalists, Betty Godby and Ozzie Wissell, will sing. Cassel said that he would have a nine piece aggregation for the dance this year. Last year there were six. Dancing will be held from 9 till 12 and tickets may be had by contributing a dollar while youngsters are expected to drop in the kitty. The band is being supplied through the recording fund which the musician's union uses for such events. The band is being paid for by Musician's Local No. 325.

Only one other event is to be held. That is the Mother's March on Tuesday at which time mothers from P-TA groups across the nation will go on the march to friends and neighbors, picking up contributions. Residents will turn on their porch lights as a request for a call. In Lemon Grove the march will start at 7 p.m. and as the routes are completed all marchers will meet at San Miguel at which time the money will be counted, and refreshments served.

Firemen under the direction of Kiwanis polio committees will pick up containers which have been placed in all the business places. Income from these sources is considerably under last year, executives of the drive say.

Income from the March of Dimes cards which were sent out when the drive started will be totaled and added to the Grove total if contributors listed Lemon Grove as their residence. With the March of Dimes cards each contributor may compete for a prize, the new 1954 Chevrolet, which will be given for the best reason "Why I Gave to the March of Dimes."

Meanwhile, tickets to the Dance of Dimes are on sale at nearly all Lemon Grove shops. They may be obtained from any member of the Kiwanis or Lion's Clubs or by applying to the Post Office or the Lemon Grove REVIEW.

Some of the other events are: On Sunday all profits all day from the sale of gas and oil at Waddington's Shell Service Station will be given to the fund and the station will be manned by members of the La Mesa 20-30 Club.

Arnold's Sewing Machine Company on Broadway will give 10% of all sales to the March of Dimes this month.

Three well-known Lemon Grove area residents have announced their intention to run for the school board.

Three vacancies will occur in June. At the election May 21st two new seats plus a vacancy resulting from the expiration of the term of a present trustee will come under the elector's eye.

The present school board exercised their prerogative late last year in deciding that five men should make up a board of trustees. The board could have waited until the May elections and permitted the electors to make the decision but they felt that by making the decision in advance it would attract potential trustees who would not have to suffer out a decision of a three or five man board from the voters as well as the decision as to whom these trustees would be.

Aspirants must file their in-

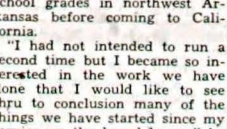

Robert E. Brown  
tention to run by April 21st. So far only three men have announced publicly their intention to run. These men and a brief biography of each follows.

Robert E. Brown, 428 Marian, is an incumbent. He was named to fill the vacancy created when Vroman Dorman resigned in 1953. He is a superintendent in the department of quality control at Convoir and has two children, James, 13, and Robert, 7. He and his wife, Margie, came here from Palmdale in 1940. Both are active in P-TA work and Mrs. Brown is a member of the Mt. Helix Council. He is a member of the Management Club in San Diego and they attend the La Mesa Presbyterian Church.

Brown's father was a school board member all of his life and Brown himself taught elementary school grades in northwest Arkansas before coming to California.

"I had not intended to run a second time but I became so interested in the work we have done that I would like to see thru to conclusion many of the things we have started since my service on the board began," he said.

Bert A. Betts, a CPA, has an auditing firm at 7896 Broadway. He, his wife, Sarah and their five children live at 8145 Palm Avenue. Betts is auditing 48 school districts in San Diego County. His accounting firm employs seven persons. Betts is a member of the Episcopal Church, Lion's Club, the American Institute of Accountants, California State Society of CPAs, and a member

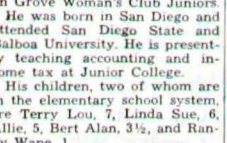

of the San Diego Rowing Club. His wife is a member of the Lemon Grove Woman's Club Juniors. He was born in San Diego and attended San Diego State and Balboa University. He is presently teaching accounting and income tax at Junior College.

His children, two of whom are in the elementary school system are Terry Lou, 7, Linda Sue, 6, Allie, 5, Bert Alan, 3½, and Randy Wane, 1.

"My friends have convinced me that my experience as an auditor can be helpful in school matters and for that reason I am seeking the trusteeship," Betts said.

Channing P. Mason, the old faithful of many civic projects, has also announced his intention

to run for the elementary school board. Mason is operator of the Mason Feed and Supply at 8280 Imperial. He has two children, both in the elementary school system. Channing P. aged 9, and Mark Walter, aged 8.

Mason is a native born San Diegan and attended State College. He is an immediate past president of the Kiwanis Club. He is a member and elder of the Trinity Presbyterian Church and is last year's chairman and co-chairman of this year of the March of Dimes.

His wife, Carol, is immediate past president of the Kiwanis Club and is a member of the Wednesday Club in San Diego.

He was instrumental in forming the Lemon Grove Fire District several years ago which was responsible for the reduction in fire insurance rates about 50% recently. He is a member of the Fire Commission and is very active in all fire department charity projects.

"With our school system growing as fast as it is, every capable citizen should offer the use of his particular talents to the operation of the schools. I can think of nothing more important than our children and proper educational facilities for them," Mason said.

### Helix to Be Host to County Trustees Assn.

Helix High School will be the location of the meeting under the sponsorship of the San Diego County School Trustees Association.

The Grossmont area trustees, under the chairmanship of Lester L. Freeman, will meet Feb. 3 at Helix.

"Your school dollar" will be the overall theme. Sub-topics will be "Where the Money Comes From" and "Where it Goes." A third sub-topic will be "What I as a Taxpayer Expect of My School."

Dinner will be served at 6:30, the meeting will begin at 7:30.

### San Miguel P-TA Board Meets Wednesday

San Miguel Board Members will meet in the San Miguel School Feb. 3, 1954, 7:30 p.m. Mrs. H. T. Espe presiding.

Under discussion will be Bond Election, March of Dimes and the Father and Son Banquet to be held in the San Miguel Auditorium.

### Architects Can Control School Cost Says Grand Juror

The Citizen's Committee on School Costs, Monday, heard Sidney Campbell, member of 1953 County Grand Jury, review the report filed by the jury in regard to excessive school costs.

He said that high cost of schools was a direct result of the average citizen's fallacious belief that schools paid for by state and federal funds are not costs borne by the local citizen.

The study released by the Grand Jury showed that some architects are consistently low in their building costs while others are consistently high. The Grand Jury report, said Campbell, indicates that districts can help control building costs by choosing architects who consistently build low cost structures.

The Committee is already on record as favoring a citizen's advisory committee to the board of trustees to aid in studying school problems in general and school costs in particular. The local board was requested by the Committee to establish a citizen's group and the trustees, at their January meeting, agreed to sympathetically study such an eventuality.

In last week's REVIEW it was erroneously stated that the trustees had already committed themselves to such a committee.

The costs committee added a new member this week. Mrs. Paul Harvey, long active in

to run for the elementary school board. Mason is operator of the Mason Feed and Supply at 8280 Imperial. He has two children, both in the elementary school system. Channing P. aged 9, and Mark Walter, aged 8.

Mason is a native born San Diegan and attended State College. He is an immediate past president of the Kiwanis Club. He is a member and elder of the Trinity Presbyterian Church and is last year's chairman and co-chairman of this year of the March of Dimes.

His wife, Carol, is immediate past president of the Kiwanis Club and is a member of the Wednesday Club in San Diego.

He was instrumental in forming the Lemon Grove Fire District several years ago which was responsible for the reduction in fire insurance rates about 50% recently. He is a member of the Fire Commission and is very active in all fire department charity projects.

"With our school system growing as fast as it is, every capable citizen should offer the use of his particular talents to the operation of the schools. I can think of nothing more important than our children and proper educational facilities for them," Mason said.

### LETTERS TO THE EDITOR

Editor,  
Lemon Grove Review:

Dear Editor:  
In this wonderful vacation spot in Puerto Vallarta, Mexico, we fish, swim and hunt, and believe me, all those spots are grand. We had to fly here as there is no road suitable for passenger cars. The truck road takes 12-14 hours. Carmen and I will soon be headed back to Lemon Grove and the

Dear Editor:  
I think the letter appearing in the REVIEW recently criticizing the parking facilities here in Lemon Grove was very premature.

Nearly every day I have occasion to find parking space with my car and luggage trailer. I never have had trouble finding space within a block of where I wish to stop.

I think parking is grand compared to other communities.

### Big Turnout Supports School Bond Issue Meet

retain shrdlu cmfwp vbgkapp  
A large crowd of interested persons attended the Jan. 20 meeting of the Citizen's Committee for Schools at San Miguel School auditorium last Wednesday night.

Although not an open meeting, the chairmen, sub-chairmen, and committee members, working for the passage of the school bond issue, made up a group of about fifty people.

Channing Mason, chairman of the committee, heard progressive reports from the various chairmen, and then the groups outlined final schedules and plans for the bond campaign. The election in the Lemon Grove School District is to be held on Tuesday, Feb. 16.

The committee backing the \$550,000 bond issue needed by the district for additional classrooms has welcomed resolutions of endorsement and support from all civic, fraternal, and service clubs. A report of community response, expected to reach an all-time high, will be announced at the next meeting.

Dear Editor:  
During the recent rain the Lemon Grove Trading Post was hit by a flood of rain waters. We called on Chief "Pappy" Hensley and his boys for help and they responded within minutes.

They soon had everything cleaned up and well organized in a matter of minutes.

We would like to express our appreciation to the Fire Department for their response within minutes and we are grateful for the help they give when needed.

Again, thanks to our Fire Department.

### Advisory Group To Water District To Begin Meetings

First meeting of a citizen's advisory group to the Lemon Grove-La Mesa-Spring Valley Irrigation District will be held Feb. 3 at 7:30 at the District's office, 4789 Spring St. in La Mesa, it was announced by Margaret C. Penry, secretary to the board of directors.

The committee will study the district's problems attendant the inability of the district to keep abreast with the required expansion due to the tremendous growth of the community.

Advice and opinions of a representative group was decided upon by the board to determine the need for future construction of works, and ways and means of financing needed for these improvements.

The committee will meet independently of the board and it is believed that the district's need for \$17,000,000 for expansion over the next 15 years will get first place on the agenda.

### THE DIMMER VIEW

By MAX GOODWIN

"To be big is not necessarily bad" is the byword of considerable publicity the National Association of Manufacturers sends across my desk.

The San Diego Gas and Electric Company did little to back up NAM's claim in our recent experience with the utility firm.

We recently installed an eight and a half ton new press for which three phase current was required. We were asked, and we felt justly so, when we applied for this service, thru regular channels and were told that 90 days is required for "new construction." For the uninitiate, "new construction" meant, in this case, one span between two poles. One of these poles is located at the REVIEW office back door.

As a utility, Glath, it takes time to set its wheels in motion and apparently the 90 day requirement is a firm one. We did, however, interest Mr. Otis Pemberton, Customer's Extension Engineer for the Gas Company, in our problem and he in turn gained the ear and mind of his superior, Paul Corriere, District Manager, and amid great furor, threats and, finally, cooperation the service was installed, and in operation in 24 hours.

We think 24 hours is a little time to expect such service but on the other hand we believe 90 days is far too long. The fact that it could be done without disjoining the Gas Company in 24 hours is proof enough for me that it can be done in considerably less time than the 90 day schedule which now prevails.

We wonder if the powers-that-be who run the Gas Company ever take the time and trouble to tell each of their executive subordinates that the users of their service are human beings and not merely order numbers.

We hear reports that the Gas Company is being broken into three segments but we suspect that is for their own convenience rather than for the convenience of the bill-paying public.

—DV—  
An incongruous note was hit at the last meeting of the Lemon Grove Men's Club when Chairman George Casteel pledged the organization to the support of a stronger Chamber of Commerce, and possibly a paid manager.

Sheridan Hegland, operator of the La Mesa Suburbanite, who was present, was one of the first non-chamber members to sign an application blank. It is a little frightening to think that other La Mesans could join the chamber in view of the sorry condition La Mesa's business community has gotten into.

Sidney Campbell, manager of Pacific Telephone & Telegraph in La Mesa, points out that the priority, referred to in "Dimmer View" last week, was set up to give business firms telephone service which is so vitally needed to operate their business, during a period of acute shortage.

In all instances, says he, where illness, involving life or death, or some other extreme emergency needs for telephone service exist, these users get phones when they were needed.

Now if he can tell us (and we know it's not his fault) how he keeps the publishers of the telephone book managed to get that print so small and close together we'll call him up and thank him. . . if we can locate our small-type reading glasses.

## Peach Pictures Orange Event

It's a snide way, say we, to call attention to the 1953 National Orange Show in San Bernardino. The show people use pretty Donella Dooley of Highland, California, to point out on the orange spotted calendar that the citrus classic will be held March 25 thru April 4.

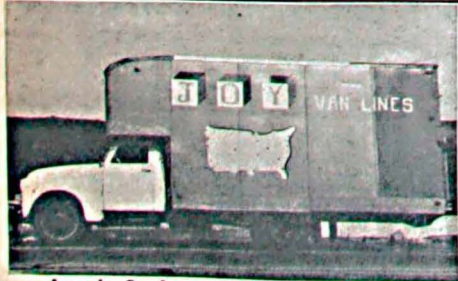

Cash awards of \$34,000 will be offered in contests this year.

"I like all the cuts of meat that Davis offers," is the way Kay Prevatt, 724 Glencoe, Lomita Village, wrapped up her opinion of Davis Food Center, corner of Broadway and Olive Street in the center of Lemon Grove.

Kay, together with her husband David, who have been living in Lomita for three months, said, "There are other reasons why I like Davis besides for the meat department. The biggest store in town always infers that the greatest selection will be available. In this case the prices are the lowest we can find in the entire area."

Dave Prevatt is a driver for Wiley Brothers Foods and that should make the family authorities on food purchasing.

With Kay in the above photo, are Gloria, aged 2, and Linda, 3, Donna, who is 7 months old, was not brought along on this shopping tour.

"Most of the neighbors in Lomita do their shopping at Davis' and once in a while we form a car pool and several of us make the trip together. We have been reading what other folks have been saying about Davis in the series that runs in the REVIEW and that is what brought us to the market the first time."

Davis is open seven days a week and offers adequate parking. Recently an enlarged parking area was added giving access to the food center from three of Lemon Grove's major streets.

## Vets Groups Decry Unapproved Solicitors

The local American Legion DAV and VFW this week voiced disapproval of "unlicensed, illegal, illegitimate and promiscuous" solicitation of contributions from local citizens and businesses.

In an open letter to the Chambers of Commerce, Kiwanis Clubs and Lions Clubs, Rotary, Toastmasters, Exchange, and 20-30 Clubs, veterans organizations disclaimed any connection with projects other than the sale of poppies, which occurs Friday and Saturday preceding Memorial Day and the sale of forget-me-nots before Armistice Day.

The letter was signed by the commanders of La Mesa Post 282 American Legion, D.A.V., and VFW. They complained primarily that organizations which sell objects usually at parades under the guise of being sponsored by one of the veteran's organizations.

Any approved solicitations of funds or merchandise will be backed up by signed identification from commanders of one of the subject organizations.

## Eight Year High Set for 'E' Bonds in County

Strong local support "counted heavily" in the record sales of U. S. Savings Bonds in San Diego County last year, Stephen Westover, chairman of bond activities in Lemon Grove, declared today in announcing that 1953 sales set an eight-year high for the county and gained \$5.7 million over 1952.

Investments by county residents in Series E and H bonds, amounted to \$18,779,637.55 during 1953, compared to 1952 purchases of \$13,033,547.35. Per capita investment in the county for 1953 was \$33.73, he reported.

## B of A Buys Grossmont School Bonds

A decline in bond interest rates was indicated when the Board of Supervisors opened bids last Tuesday for \$2,300,000 bond issue of the Grossmont Union High School District. Low bidder was Bank of America and 19 associates with an average interest rate of 2.81%.

Throughout 1953 school bonds interest rates were substantially higher, at times approaching 4%.

The proceeds will be used in the construction of the high school in El Cajon and for the purchase of additional sites. While the bonds were approved last April, sale was delayed until construction could begin and until the bond market indicated possibilities of lower rates. The timing of the sale by the board of supervisors was determined by the Grossmont Board of Trustees acting upon recommendation of Assistant Superintendent Harold G. Hughes.

Hughes stated that while the trend toward lower rates may continue, the district could not afford to postpone the sale because of the need to complete construction of the new high school by September 1955 in order to avoid double sessions. Cost of double sessions for 1 year would lessen educational efficiency by 25%. In terms of dollars this would cost the district \$260,000 assuming 3000 students were forced to go on a double session.

A drop of 1% in the interest rate on \$2,300,000 would lessen total interest payments by \$230,000. This would be less than the \$260,000 cost of double sessions. Therefore further postponement would be unjustified, according to school officials.

"Chances are, the man who slaps me on the back heartily is like as not trying to make me cough up something," says Chet Harrison, Lemon Grove builder.

## Noted Author To Address Church Groups

Kirby Page, noted author and speaker, is coming to El Cajon Methodist Church each Wednesday night in February to speak on "Living With Peace of Mind."

Each meeting will start promptly at 7:30, according to Gertrude Scovel, Lemon Grove Congregational Church executive.

All residents of Lemon Grove and La Mesa are urged to attend these meetings and discuss vital topics. A cycle of seven themes will be followed: 1. Empowered Thru Prayer and Fellowship; 2. Uplifted by Music and Great Literature; 3. Transformed by Working With Christ; 4. Nourished by Nature; 5. Sustained by the Bible and the Church; 6. Inspired by Biography; 7. Redeemed by Doing the Will of God.

The REVIEW will carry, beginning next week, a series of columns by Page entitled "Living With Peace of Mind." These columns will continue throughout his visit to this area.

## Lemon Grove Boy Dies of Cancer

Victor Anthony Negrete, 11, son of Mr. and Mrs. Victor R. Negrete, of 3850 Vista St., died of cancer in a hospital last week. He last attended St. Charles Borromeo Academy, Loma Port.

This is a mystery story but not a whodunit. It is rather a when-will-it-do-it. It has Tony Sonka and all the rest of us stumped. Tony is an Alternate Zone Warden and in charge of Transportation for this area.

"There are so many questions to be answered," said Tony yesterday, "that I hope we have a full attendance at our next meeting on Feb. 11 at 8:00 o'clock in the Youth Center. Nothing takes the place of a complete understanding of a group of people, and the better we understand each other the better we will function in case of an emergency."

"These questions to be answered range from 'What will we do in case of an evacuation?' 'What roads will be open and

"Let me add my urging to Tony's for you to show up," added Dr. Frank Gigliotti, "Tony is doing a fine work on this problem of transportation, and in addition has offered the use of his ranch in the back country in case it is needed and road conditions make it possible for us to get there. Many of you may not like to consider such possible calamities as being too morbid, but such is life and full living."

## Woman's Club Notes

A gratifying response from invited groups filled the Lemon Grove Woman's Clubhouse to near capacity at Friday's reciprocity tea at which Sam Hinton's amusing folk songs received warm applause.

Crystal and silver candelabra, Camellias, and old fashioned girl figurines quaintly graced the tea tables at which Mmes. F. B. Wright, W. P. Donovan, L. D. Newton and Ted Haaf, past presidents, poured.

Mrs. David Hentigen, presiding at the short meeting asked for introductions from representatives of more than a dozen organizations including fifty of their members, among whom was Mrs. John Bretz, president of the County Federation of Woman's Clubs.

Mrs. H. J. Warner, ways and means chairman, thanked those who worked on the benefit card party last week, reporting that eighty dollars had been cleared for the Polio Prevention Foundation.

## Adventists to Take Temperance Pledge

Members of the Seventh-day Adventist Church will go to their Sabbath morning worship services armed with pen and ink Saturday, to participate in a temperance pledge signing ceremony, according to Pastor W. L. Hyatt.

All members of the local church have been asked to sign pledges of total abstinence from the use of alcoholic beverages in any form as the beginning of the denomination's 1954 drive to rouse public opinion to the need of placing stricter control on liquor.

Dwight Miller, church temperance secretary, will be in charge. The event in which the local church is participating is nationwide and is being observed by nearly 3,000 Adventist churches in North America. It represents one of the chief facets of the denomination's health education program, according to Pastor Hyatt.

## Public Notices

**LEMON GROVE**  
Area No. 20  
Re the Construction of Sewers in a Portion of the Unincorporated Area of the County of San Diego, Area No. 20

Resolution of Intention  
WHEREAS, Jean L. Vincenz, Director of Public Works of the County of San Diego, has been appointed to perform the duties of Engineer herein, and has furnished to this Board plans and specifications, bearing project number 7613, for the construction of a sewerage system in a portion of said County, which are on file with the Clerk of the Board of Supervisors of San Diego County as Document No. 165749, together with careful estimates of the costs and expenses of such work;

NOW THEREFORE, on motion of Supervisor Rossi, seconded by Supervisor Gibson,

IT IS HEREBY RESOLVED that public interest and convenience requires and it is the intention of the Board of Supervisors to order the following work to be done and improvement to be made in said unincorporated area, to wit:

The construction of sewers, manholes and appurtenances in ALTON DRIVE between the Northern prolongation of the West line of Lot 4, Block 2, in Monterey Heights, Map No. 1966 and the Southern prolongation of the Eastern line of the Western 100 feet of Lot 14 in Lemon Grove Addition No. 1, Map No. 731.

WASHINGTON STREET between the Eastern prolongation of the Northern line of the Southern 150 feet of Lot 4 in Moody's South Addition to Lemon Grove, Map No. 1290 and the Western prolongation of the Northern line of Lot 7 in Duda Acres, Map No. 2423.

MOUNT VERNON STREET between the Southern prolongation of the East line of the Western 150 feet of Lot 3 in Lemon Grove Addition No. 1, Map No. 731 and the Southern prolongation of the Eastern line of Lot 7 in Lemon Grove Addition No. 1, Map No. 731.

ENSENDA STREET between the Northwestern prolongation of the Southwestern line of Lot 6, Block 3, in Monterey Heights, Map No. 1966 and the South line of Alton Drive.

EASEMENT in Lot 17 of Lemon Grove Addition No. 1, Map No. 731, said easement being a strip of land 8 feet wide lying 4 feet each side of the following described centerline; beginning at a point on the Southern line of said Lot 17, distant along said line 118.20 feet Westerly from the Southeast corner of said lot; thence North 1°33'45" East, 362.00 feet; thence North 1°49'23" West, 222.50 feet; thence North 1°33'45" East, 336.13 feet, to the North line of said Lot 17, distant along said line 135.50 feet Westerly from the Northeast corner of said lot.

All of the said work hereinbefore generally described shall be constructed in the manner, at the locations, within the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefor, bearing project number 7613, contained in Document No. 165749, on file in the office of the clerk of the Board of Supervisors of San Diego County, and copies of which are on file in the office of Jean L. Vincenz, Director of Public Works, and by this reference thereto, all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board hereby determines and declares that serial bonds shall be issued to represent each assessment of twenty-five dollars or more remaining unpaid after the full expiration of thirty days from the date of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding the next October 15th following their date, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year following the next October 15th after their date until the whole is paid. Said bonds shall bear interest at the rate of six

percent per annum, interest payable semiannually by coupon, on all sums unpaid until the whole of said principal and interest are paid. Said bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

That the contemplated work and improvement hereinbefore mentioned is in the opinion of said Board of more than local and ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain Map bearing project number 7613 entitled "Plan showing the extent of the territory benefited by and to be assessed to pay the costs and expenses of the construction of sewers in Alton Drive, et al., in a portion of the Unincorporated Area of the County of San Diego, Area No. 20," indicating the exterior boundary lines of such district, which map, approved by the Board, is on file in the office of Jean L. Vincenz, Director of Public Works, 4005 Rosecrans, San Diego, California; and a copy of which is on file in the office of the Clerk of this Board of Supervisors as Document 165750, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to said map for a particular description of such district.

That it is the opinion of said Board that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Tuesday, the 9th day of February, 1954, at 11:30 o'clock a. m., in the Board of Supervisors' chamber in the City and County Administration Building, 1600 Pacific Highway, in the City of San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors in Room 308 in the City and County Administration Building. No other protests or objections will be considered.

That the Clerk of the Board of Supervisors be, and she is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review hereby designated for that purpose by the Board of Supervisors.

That the Clerk of the Board of Supervisors be, and she is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to the Clerk, all in the time, form and manner required by law.

The Clerk of the Board of Supervisors shall, upon completion of the mailing of said notices, file with the Board of Supervisors an affidavit setting forth a time and manner of the compliance with the above requirements for mailing such notices.

That the Director of Public Works shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted in front of each quarter block or irregular block liable to be assessed, and when the work is chargeable upon a district, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet in distance apart on each street so posted; all in the time, form and manner required by law and thereupon said Director shall cause to be filed in the office of the Clerk of the Board of Supervisors, an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an

### Coral Bells Make Ideal Garden Border In Grove Area

Coral Bell is one of the most desirable perennial border plants for Lemon Grove gardens. With its striking display of bright red bloom it is literally blinding in its mass display of color during its blooming period. For the balance of the year the low dense foliage forms a neat defining line to delineate the contour of the bed. The leaf is attractively marked with a grayish white pattern that is noteworthy and which lends interest to the planting throughout the year.

If you wish an adequate show of color this year Coral Bell

CORAL BELLS

plants should be set out now. Also they need cool growing weather to develop good root growth that will withstand next summer's heat with a low amount of die out.

Set Coral Bell plants about 8 inches apart for border plantings. The coral red color doesn't work too well in many color schemes so companion plant material is best limited to white, yellow and shades of blue. Soil type is of little concern, but a fairly sunny location is imperative for good bloom. Root growth is limited

### Methodist Youth Attend Ice Skating Party

The Junior and Senior High young people of the Lemon Grove Methodist Church enjoyed ice skating last Friday night. The party was held at Glacier Gardens and was attended by 42 members.

The youth groups plan one large social each month. Both the Junior and Senior groups hold regular Sunday night meetings. At present, the Junior High Group meets at the Raymond Johnson home, 1400 Skyline Dr., at 6:00 p.m. The Senior High Group meets at the W. D. Berger home, 7405 Roosevelt, at 7:30 p.m.

### New Scout Officers For 863

Girl Scout Troop 863 of Monterey Heights met with their leader, Mrs. John Craig, at the Monterey School Monday, electing the following officers, who will take office at the February 1 meeting. President, Mary Jorgensen; V. President, Katherine Pearce; Secretary, Carol Boyle; Treasurer, Margaret Brown; Publicity, Doreen LaTulippe; Song Leader, Patsy Boggs; Hostess, Kay Hildebrand; Chart Girl, Barbara Moe.

and the plants will withstand considerable abuse. They will find favor for crowded planting areas or where the planting tends to be trampled underfoot or allowed to dry out—such as curb plantings, service areas or pathways with careless passers-by.

Coral Bell plants are true perennials and are good for years of service. About every third or fourth year the clumps should be thinned down or divided. Care should be taken to control root aphids but otherwise Coral Bells are fairly insect free. A dressing of steer manure each fall is sufficient fertilization.

### Presbyterian Church Marks Second Anniversary

Trinity Presbyterian Church, the friendly church on the hill, 3902 Kenwood Dr. La Mesa, will observe its second anniversary next Sunday with special services at both worship hours, 9:15 and 11:15 a.m.

Walter Zitlow, Alan Sutherland and Arthur Haylor of San Diego will assist Rev. Chandler.

Serving La Mesa, Lemon Grove and Spring Valley areas, the first meeting was held on October 14, 1951, in Spring Valley Community Center with 75 at Sunday

School and 125 at worship services through the efforts of Rev. and Mrs. Chandler and a group of inspired workers.

Services continued there until the congregation acquired the old La Mesa Country Club clubhouse and 4 1/2 acres above Kenwood Dr. and transformed the old club house into a most attractive sanctuary, Sunday School rooms, kitchen and dining rooms, caretaker's apartment, etc. On Jan. 20, 1952, the charter was presented to the congregation, the first in Presbyterian history to own a home before receiving a charter.

The church has received about 700 members and over 400 enrolled in Sunday School with a large percentage of attendance each Sunday.

The church also sponsors Boy Scout Troop 171, Cub Scouts, a blood bank fund, Jr. High and Senior High Westminster groups, adult groups and assists in many local or national welfare drives.

Many unexpected conveniences were a warm room in which to dress and showers with plenty of hot water. It is hoped to camp again before the snow is gone.

Court of Honor will be held Tuesday, Feb. 2, at Trinity Presbyterian Church, at 7:30 p.m. Advancements will be made, new Scout inducted and Den chiefs appointed. All parents and friends are invited.

Troop leaders and committee members invite parents of Scouts in Troop 171 to a special dessert meeting on Thursday, Feb. 11, at 7:30 p.m. Pie a la mode will be served. This is an opportunity to become acquainted with the troop leaders and to hear plans of Scouts.

A party commemorating the birthday of Scouting will be held in Hall of Trinity Church by Troop 171 on Tuesday, Feb. 9 at 7:30 p.m. Chuck for all Scouts.

VLM Girls Scouts in Varied Program

Mrs. Sami Stone of Chula Vista is teaching Brownie Troop 612 Hawaiian hula dancing in a series of lessons at Lewwood Trailer Court Recreation Room each Saturday. Girls of the Vista La Mesa troop are making their own costumes at the gatherings.

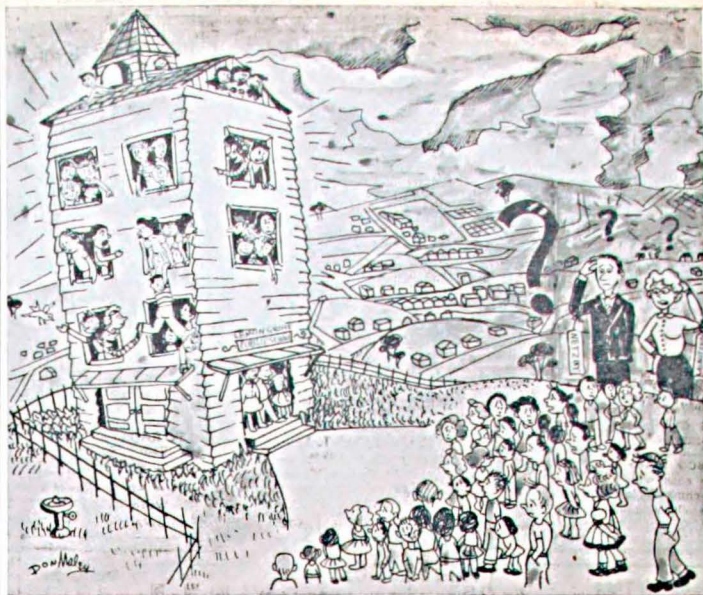

Troop 381's new officers, recently elected, include Stephanie Harris, president; Shirley Freileck, vice president; Helen Coombs, secretary; Janet Weston, treasurer; Paula Barrett, flag bearer. The troop is rehearsing for the play tournament which will be held at Rolando Park School in March. Troop 124 and other troops of the La Mesa-Lemon Grove area will be entered in this tournament.

Brownie Troop 638 is planning a Valentine Tea for their mothers at the home of Mrs. George Johnson, 4050 James St., Vista La Mesa Feb. 8.

New officers of Girl Scout Troop 758 are Carol Masheco, president; Margaret Lennis, vice president; Katherine Herd, secretary; Pat Sweeney, treasurer; Deanne Montana, equipment monitor. The girls are laying plans to take in the Museum of Man and an outing in Pepper Grove early in February.

Brownie Troop 382 is constructing scrap books for the Children's Hospital.

Other area scout activities include a spaghetti supper for Troop 32 Saturday evening at the home of Mrs. M. G. Avery; a taco supper for Troop 79 Friday at the Kenneth Trytten home; and a Valentine party for girls and mothers of Brownie Troop 606 at the home of Mrs. R. W. Rether on Feb. 15.

Inspired by the need for additional classrooms, Don Maley, 2950 Cypress Ave., executed the wash drawing shown above to dramatize the need for voting "yes" for school bonds at the Feb. 16th election. Don is a product of the elementary school system and graduated from Helix Hi last year.

In the drawing is shown Byron Netzel, superintendent of elementary schools, and Evelyn Lauritzen scratching their heads while the school, labeled "Lemon Grove Public School," seems to be bursting at the seams. Outside a group of youngsters, none of whom appear to be happy, are equally non-plussed by the lack of facilities available for them now.

In the background are the rolling hills of Lemon Grove and the apparent growing residential section already blocked in by hold squares.

Passage of the bond issue would avoid double sessions for some 1,000 students for whom the 29 classrooms are being built.

Camp was supervised by Scoutmaster Bill Cleveland.

Chairman Chuck Pike, fathers and committeemen Oscar Carlson, Herbert McKanan and Royce Cannon. Leaving Trinity Church about 8 a.m. Saturday, the camp was completed by 10 a.m. Sack lunches were enjoyed before bogging.

Many unexpected conveniences were a warm room in which to dress and showers with plenty of hot water. It is hoped to camp again before the snow is gone.

Court of Honor will be held Tuesday, Feb. 2, at Trinity Presbyterian Church, at 7:30 p.m. Advancements will be made, new Scout inducted and Den chiefs appointed. All parents and friends are invited.

Troop leaders and committee members invite parents of Scouts in Troop 171 to a special dessert meeting on Thursday, Feb. 11, at 7:30 p.m. Pie a la mode will be served. This is an opportunity to become acquainted with the troop leaders and to hear plans of Scouts.

A party commemorating the birthday of Scouting will be held in Hall of Trinity Church by Troop 171 on Tuesday, Feb. 9 at 7:30 p.m. Chuck for all Scouts.

VLM Girls Scouts in Varied Program

Mrs. Sami Stone of Chula Vista is teaching Brownie Troop 612 Hawaiian hula dancing in a series of lessons at Lewwood Trailer Court Recreation Room each Saturday. Girls of the Vista La Mesa troop are making their own costumes at the gatherings.

Troop 381's new officers, recently elected, include Stephanie Harris, president; Shirley Freileck, vice president; Helen Coombs, secretary; Janet Weston, treasurer; Paula Barrett, flag bearer. The troop is rehearsing for the play tournament which will be held at Rolando Park School in March. Troop 124 and other troops of the La Mesa-Lemon Grove area will be entered in this tournament.

Brownie Troop 638 is planning a Valentine Tea for their mothers at the home of Mrs. George Johnson, 4050 James St., Vista La Mesa Feb. 8.

New officers of Girl Scout Troop 758 are Carol Masheco, president; Margaret Lennis, vice president; Katherine Herd, secretary; Pat Sweeney, treasurer; Deanne Montana, equipment monitor. The girls are laying plans to take in the Museum of Man and an outing in Pepper Grove early in February.

Brownie Troop 382 is constructing scrap books for the Children's Hospital.

Other area scout activities include a spaghetti supper for Troop 32 Saturday evening at the home of Mrs. M. G. Avery; a taco supper for Troop 79 Friday at the Kenneth Trytten home; and a Valentine party for girls and mothers of Brownie Troop 606 at the home of Mrs. R. W. Rether on Feb. 15.

### Music Parents Add \$26 to Treasury

Monday at 7:30 the Lemon Grove Music Parents will meet in Room 15 of the Junior High School. Mrs. J. G. McMahon, president, urges all members to be present, since there is important business to be discussed and decided upon.

### Local Man Returns On USS Kearsarge

FAR EAST (FHNTC)—Eugene G. Williams, aviation chief electrician's mate, USN, husband of Mrs. Annabell Williams of 3541 Olive St., has returned from the Far East after six months tour of duty aboard the attack aircraft carrier USS Kearsarge. It was her second tour of duty in the Orient since re-commissioning in February, 1952.

### Chief Bell Aboard Ship

Shown in Movie  
FAR EAST (FHNTC) — Navy Chief Carpenter George J. Bell, husband of Mrs. Dorothy Bell, 7705 Canton Drive, has returned aboard the attack aircraft carrier USS Oriskany.

While in port for routine maintenance the ship was boarded by a host of movieland notables to do the film version of James Michener's novel "The Bridges at Toko-Ri."

Hundreds of Oriskany personnel appear in the scenes throughout the movie which depicts the life of a carrier jet pilot during the Korean conflict. Most of the scenes for the movie were taken during actual carrier operations.

### Poultry Firm Marks First Birthday

If you saw a birthday cake with a drumstick instead of a candle you'll know it was because of the first anniversary of business for the Lemon Grove Poultry Co. at 8325 Imperial Ave.

Mr. and Mrs. J. B. Brock started their organization just one year ago last week.

"It's been a slow, hard grind," said Mrs. Brock, "but we are making real progress and have made a lot of friends."

The firm is open seven days a week with fresh killed poultry.

## Now You Can Have This In Your Kitchen

Gaffers and Sattler have been trying for months to get a free plug in the REVIEW. The editor, a stubborn cuss, has not succumbed to their blandishments—until now.  
 When the firm combined a bathing beauty and a kitchen scene, your editor's interest perked up. Looking for a seashore background and finding none, he decided that the scene was not any more incongruous than many of the articles carried in today's newspapers. The stove firm did not indicate whether or not the "beauty" comes as standard equipment with each range or is extra equipment but it makes nice material for contemplation on these cold, wintry days.

## Hi-Schoolers Should Plan Courses With Eye on College

Lemon Grove high school students should prepare now if they plan to enter the University of California, Registrar C. C. Gilliam of the university's Riverside campus pointed out this week.  
 In fact, he noted, it is a good idea for high school students to plan their courses with an eye on university requirements even if they do not now plan to go on with their education.  
 Entrance requirements for the University of California at Riverside are the same as those for Berkeley, Los Angeles and Davis campuses.  
 There are five different methods by which a student can qualify for admission to the university.  
 The first is to achieve a "B" average in the following required pattern taken in the tenth, eleventh, and twelfth grades of high school:  
 U. S. History and Civics 1 unit  
 English 3 units  
 Geometry 1 unit  
 Algebra 1 unit  
 Laboratory Science 1 unit  
 Foreign Language 2 units  
 Advanced mathematics, lab science or foreign language 1 unit  
 The second method is to achieve a scholarship rank in the highest tenth of a high school graduating class.  
 Under the third method, a student should achieve grades of "A" or "B" in 12 units of tenth, eleventh, and twelfth grade work, with not more than two subject deficiencies in the list of subjects mentioned above.  
 The fourth way to qualify is to receive no grades below "C" and achieve "A" or "B" grades in six units of eleventh and twelfth grade work (advanced courses) in the fields of English, laboratory science, foreign language and history.  
 Finally, a student can qualify for university admission by achieving a standing in the upper half of those who take the college entrance board examinations.  
 Above all, Gilliam emphasized, a student should not become discouraged over his present deficiencies in meeting college entrance standards.  
 There are several ways to make up deficiencies, but the smart student is the one who plans now to make sure his way is clear when he wants to start college, he concluded.

## Shorthand Course Offered Adults at Grossmont

A six-week Gregg simplified shorthand course is being offered Mondays and Wednesdays at Grossmont High School. Mr. Stanley Baker, Grossmont High School commercial teacher will be the instructor. An enrollment fee of one dollar may be paid at the time of registration. This class will be closed to new students after February 1. Advanced students, interested in dictation by record at various speeds, may enroll at any time.  
 Another six-week course will also begin about March 8.

## Vocational Nurses Set Two Meetings

First convention of the California State Licensed Vocational Nurses Association will be held in Bakersfield Feb. 4th, 5th and 6th. All L.V.N.s are invited.  
 Licensed Vocational Nurses Association of San Diego County will meet in the Belcher Room, House of Hospitality, Balboa Park, Feb. 2nd. Important business meeting, nomination and election of Board of Directors, drawing names for Secret Pals, Planning for the Association's First Birthday party to be given in March.

## Flies Imported to Aid Garden

The squash bug, a serious pest in both commercial and garden vegetable plantings in Southern California, will be confronted by a new enemy next spring.  
 A small fly that helps control the squash bug in New England has been imported by the University of California for release on Southern farms.  
 The fly lays its eggs on the underside of its victim. Larvae hatching from the eggs burrow inside the bug and destroy its reproductive organs, but do not cause death until after it reaches full maturity, though its ability to produce offspring is greatly reduced.

## Walter Cassel, Noted Pianist, Next Grossmont Artist

The next Grossmont Community Concert, which presents baritone Walter Cassel and his pianist February 14 at Grossmont High School Auditorium, will be previewed Tuesday, February 2, 7:45 p. m. at Lemon Avenue School, La Mesa. The public is invited to this preview program, which is sponsored by the Music Section of AAUW, La Mesa Branch.  
 Walter Cassel, leading baritone for the New York City Opera Company, will sing operatic arias from Mozart's "Don Giovanni", selections from Richard Wagner's "Lohengrin", Massenet's "La Forge", and other works.  
 High room count award went to Jack Lemmer's sixth grade class, one of the new groups at the junior high. Hostesses were room representatives from the 7-1 and 7-2 classes, with Mrs. Thomas Devin, chairman.

## School Panel Holds Father-Son Program

Dads of the Lemon Grove School P-TA enjoyed a special program at the San Miguel School recently when a panel of fathers and sons discussed their relationships both at home and at school. With the Rev. Father Phillip Bartlett of St. Phillip's Episcopal Mission acting as moderator, the group talked about dads' responsibilities to their children's schooling, their attitudes about discipline, and the question of work and finances as they pertain to teenagers.  
 With Father Bartlett on the panel were John Smith with his eighth grade son, Kenneth; John O'Connor and his seventh grade son, John, Jr.; and George Wadsworth along with son Jerry, of the eighth grade. They were introduced by Mrs. Margaret Darroch, program chairman.  
 During the business meeting the association voted to endorse and support the school bond election to be held on Feb. 16. Frank Armstrong, a member of the Board of Trustees, spoke to the parents on the need for a successful

## WHAT'S DOING

### "Triple-duty" truck speeds pole-setting

Telephone poles now go up faster than ever, thanks to the specially designed truck at right. Equipped with a fast rotary digger, a long arm, and a winch line, the "triple-duty" truck digs poleholes, sets in the poles, and straightens them... all in a jiffy. This versatile vehicle also has many other jobs, including salvaging used wire on its special reel. We're using it in many places throughout the Pacific West today. Developments like the "triple-duty" truck help us provide you with more service, good service, at the lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.

### You Can Call All the Way to New York City for Only \$2.50 plus tax

More and more people here in the Pacific West are finding out what a value long distance telephone service is... to keep contact with friends and relatives in distant places, to get business affairs handled quickly.

One reason—it costs so little to call. You can now talk for three minutes, day station call, all the way to New York for only \$2.50 plus tax. And your calls over shorter distances—like Chicago or Salt Lake, or up and down the Coast, naturally are even lower.

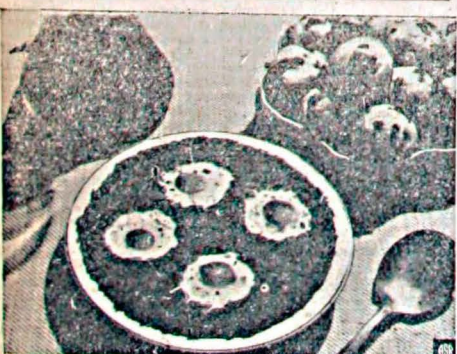

And here's a tip about long distance calling. You'll be surprised at how much you can say in three minutes if you'll prepare your notes beforehand and make notes while you talk.

Today, a long distance call is surely one of the best buys you can make. Pacific Telephone.

### When you have a series of calls to make...

...it's a good idea to leave a few minutes between calls, instead of making one right after another. Spacing your calls gives other people a chance to reach you. And the calls you receive are often just as important as the calls you make.

"Oh, what a beautiful morning—" will be the theme song of your family after having a breakfast of favorites. Eggs baked in corned beef hash are served with golden brown, fresh-from-the-oven cranberry muffins.

If it's a hurry-up breakfast, slice the corned beef hash and brown in butter or margarine. Top with fried or poached eggs.

To make the muffins, add cubed canned cranberry sauce to packaged muffin mix, or to your own favorite muffin recipe.

The corned beef hash-muffin combination makes a good supper, too.

#### Corned Beef Hash with Shirred Eggs

2 1-lb. cans corned beef hash  
4 eggs  
Salt and pepper  
4 teaspoons light cream

1 tablespoon minced onion  
1 tablespoon finely chopped green pepper  
1 tablespoon melted butter, or margarine

Put hash in a greased pie pan. Indent with spoon to make four nests for the eggs. Break eggs and slip gently into the nests. Sprinkle with salt and pepper. Pour a teaspoon of cream over each egg, and sprinkle with onion, green pepper and butter. Bake in a moderate oven (375°) 25 minutes, or until eggs are cooked. Four generous servings.

### 'Hollywood Highlights'

By BOB TURNBULL

This week I'll finish our fabulous adventure to the film capital of the world—Hollywood, California. As Larry Ross left off in the two weeks ago issue of the REVIEW we had just left the radio 'n TV version of New Year's Day "Prince for a Day." That evening we went and plopped ourselves in the center of the fifth row at Warner's Theater and witnessed one of Hollywood's greatest wonders—"Cine-ma"—which is indescribable. A few brief pointers on this wonder: It costs millions to make, it is three times bigger than a Cinemascope screen (in other words the screen is 12 times bigger than that of a regular movie screen), it's all in technicolor, it takes 35 seconds for the curtains to part, you don't need glasses, you really feel part of the picture, instead of having one main projection booth with three cameras they had three small separate projection booths with a camera in each one—I could go on describing this beautiful and outstanding spectacle for three more pages, but I'll wait and give you a chance to see it for yourself.

I think it's time that we hastily conclude our trip and make room for other articles of interest. In brief: After seeing Cinema-ma we went to the "Moulin Rouge Nightclub" (the old Earl Carroll joint) ate dinner, saw a two-hour floor show, and then paid our \$5.80 cover charge.

The next and last day up north we spent taking pictures of various spots of scenic interest, saw the "Phil Harris-Alice Faye Show" with radio, was part of the front-row audience in watching Peter Potter's "Juke Box Jury" on TV, then we came back to our motel and packed, and cut out for our home stomping grounds. Moral of this story: Need I ever suggest to you a city to visit?

Mystery Writer Erle Stanley Gardner (creator of Perry Mason) was stuck for a solution to his latest case. Someone broke into his cabin near Mt. Palomar and made off with clothing, silver and typewriter. Sighed Gardner: "I doubt very much if it is possible to get any evidence."—FORT-NIGHT.

## Are You Guilty Of Doing Things Like These..

- SPEND THREE HOURS BARGAIN HUNTING TO SAVE 25c?
- WASTE A DAYS TRAVEL IN TIME AND EXPENSE IN ORDER TO CATCH SOME OUT OF TOWN BARGAIN WHICH MAY OR MAY NOT BE A 'BARGAIN' AT ALL?
- DRIVE 9 MILES TO BUY EGGS FOR A FEW CENTS LESS THAN YOU CAN GET THEM AT YOUR LOCAL STORES?

Most of us are guilty on one or more counts and we thereby exhibit an excellent example of false economy. In most cases we spend twice as much in actual cash, time and shoe leather as the few pennies we are supposedly 'saving.'

## Ed Bike Opens Insurance Agency Here

Ed Bike is opening an insurance agency offering complete insurance service at 7347 Broadway, he announced this week. Ed is a graduate of University of Massachusetts and attended University of Illinois and Springfield College and received his A. M. degree from New York University.

He spent 15 years as director of physical education recreation and 6 years with the National Park Service, Dept. of Interior, as research worker in recreational activities.

He is a member of King Solomon Lodge No. 14 F&A.M., a member of Sigma Phi Epsilon, and before coming to the San Diego area was active in many community organizations such as town planning committees, farm bureaus and school planning committees.

He is associated with the Paul Revere Life Insurance Co., Massachusetts Protective Association and represents the Traveler's Insurance Co., Sequoia Insurance

## Hoop Tourney Marks National YMCA Week Locally

Lemon Grove groups are joining with those of other county sections in the celebration of National YMCA Week which ends Sunday, according to W. Arthur Thomas, Lemon Grove YMCA Committeeman.

Saturday evening the Lemon Grove Hi-Y basketball team managed by Jay Elston and the Vista La Mesa Hi-Y team managed by Larry Williams will begin competition in the annual Hi-Y Basketball Tourney. It is a two and out series with winners of each half competing for top honors.

Thomas also announced that Lemon Grove Hi-Y was approved as a participant in the 1954 Youth and Government Legislative program. Delegates will leave for Sacramento with the County Y bill on Feb. 17. Serv-

Co., San Diego County Mutual Fire Insurance Co. and Beneficial Standard Life Insurance Co. He has been in the San Diego area four years, is married and has no children.

## Sunday Sermon On Love of God

The Sunday Lesson-Sermon in all Christian Science churches is entitled "Love." The sermon speaks of the loveliness and healing, protecting care of the Father. The Psalmist declares in the Golden Text (145:9), "The Lord is gracious, and full of compassion; . . . The Lord is good to all; and his tender mercies are over all his works."

Bill Nienbar, local oil and gas tycoon, says, "Most men give as much heat as a 100 watt bulb. But not as much light."

ice clubs, churches, and other organizations will have Y week announcements and speakers.

Thomas stated that County YMCA clubs have increased 30% and enrollments 34.5% during the past year. Sufficient personnel to meet the program demands is a major Y problem.

Almost 100 Red Feather YMCA clubs, dedicated to the building of Christian citizenship are located in most sections of the county area.

Congressman Samuel W. Yorty, Los Angeles Democrat, who has announced his candidacy for the United States Senate seat now occupied by California's temporary Junior Senator, Yorty, who won his seat in the present Congress by the highest vote cast for a California Congressman, opened his campaign with a slashing attack on "Old Guard" policies. He pledged himself to supporting a progressive, dynamic domestic governmental program dedicated to the welfare of the many and constantly rising living standards for all; better protection for the farmers' interests, the safeguarding of California's water rights, a fostering of flood control, reclamation and power development.

## Q. and A. of Bond Election Continues

In this third of a question and answer series concerning the coming school bond election, the Citizens Committee For Schools will show how the proposed bonds for needed classrooms for Lemon Grove will affect local school taxes. Special questions about the election will be answered in this column if letters, signed by the senders, are received at the REVIEW office.

17. The bond issue calls for bonding to legal capacity. What is meant by capacity?

A. Bonding capacity is 5% of the latest known assessed valuation figures.

18. What are these figures for Lemon Grove?

A. For the past year, the assessed valuation was approximately \$12,600,000. Next year these figures are expected to amount to \$16,500,000.

19. Have not such bonds been voted here before?

A. Yes, but since the last bond election, part of the bonds have been repaid, thus lowering the percentage of indebtedness. Also, the assessed valuation has increased, so again citizens are being asked to permit capacity bonding.

20. How many times has the district bonded itself to capacity?

A. The voters have voted such bonding five times in the past eight years.

21. In what way do these successful bond elections affect the local tax rate?

A. Contrary to what might be assumed, such bonding does not consistently increase the school tax rate. It is only bonding within 5%, and part of the cost is absorbed in new assessed valuation, because new businesses and homes in the community share it.

22. What proof is there that bond issues do not increase tax rates?

A. The following chart shows the effect of past bond issues. The year, the assessed valuation, size of bond issue and tax rate are listed in that order:

1. 1945, \$2,008,790, \$80,000, \$0.0725; 2. 1946, \$2,238,500, none, \$0.069; 3. 1947, \$2,966,090, none, \$0.069; 4. 1948, \$4,577,650, \$85,000, \$0.069; 5. 1949, \$5,444,680, \$85,000, \$0.069; 6. 1950, \$6,381,920, \$53,000, \$0.069; 7. 1951, \$7,352,230, \$71,000, \$0.069; 8. 1952, \$8,794,260, none, \$0.069; 9. 1953, \$12,672,520, none, \$0.069.

This gives an average of 30c for the past eight years. That means the average tax rate for bond and interest repayment has been 30c on each \$100 of assessed valuation during that period.

23. Is this a unique or statewide trend?

A. These figures coincide with those of school districts throughout the state. For this reason, the state requires a 30c tax levy for repayment of local bonds and repayment of state loans under the State School Building Aid Law. The law, therefore, recognizes the fact that a school district which continues to bond itself to capacity will require about a 30c tax rate for bond and interest redemption.

24. Would not the tax rate be lower in a "poorer" school district than in a "richer" district?

A. No. A so-called richer district, with, supposedly, an assessed valuation of 10 million dollars, can vote 5% of that, or \$500,000. The other district, with a possible one million dollars, can vote \$50,000. In each case, just 5% of the assessed valuation is voted, and in proportion, the distribution of the tax is the same. The 10 million dollar district has a far greater number of homeowners and business establishments helping to redeem the bond.

OES Holds Regular Meet

San Miguel Chapter 579, O.E.S., met Wednesday night in Friendship Hall.

Louise Bennett, Worthy Matron, Sydney Morse, Worthy Patron, presided.

After chapter chairman was Juanita Soady.

Each qualified elector of said LEMON GROVE School District shall be entitled to vote only in the School District Bond Election Precinct of which he is a resident.

The governing board of the School District shall meet on the seventh day after the election at its usual meeting place at 7:30 P. M. and publicly canvass the returns.

IN WITNESS WHEREOF, we have hereunto set our hands this 11th day of January, 1954.

(Signed)  
Harry Griffen  
Frank Armstrong  
R. E. Brown

Members of the Governing Board of LEMON GROVE School District, of San Diego County, California.

## Child Plus Match Equals \$500 Fire

A child playing with candles and matches was responsible for \$500.00 damages to the residence of R. P. Hicks located at 1757 Colfax in Monterey Heights, according to Fire Chief H. L. Hensley.

Three fire engines responded to the alarm Monday morning. The fire which started in the children's bedroom closet was unnoticed by Mrs. Hicks, who was in another part of the house. Fire and smoke damage were confined to approximately \$350.00 to the dwelling and \$150.00 to the contents which were covered by insurance. The property is valued at approximately \$13,000.00.

## YOU BE THE JUDGE

## HOW OUR LAW GROWS

You want the law to grow to meet new challenges, but you do not want it to change completely. The law is like a boy; it must grow up to meet the changing world, but you do not want it to change overnight.

When you buy or sell a house, you want the law to stand firm. You do not want your deed upset by some new law overnight. When you make a will you would like its terms carried out long after you are gone. In short you do not want your law to change by constitutional amendment.

Yet the law cannot foresee all the changes that are to come, and it must be able to grow and meet new circumstances. Our laws should not be straight jackets. Sometimes old rules, in terms of modern life, are too harsh and should be changed. It is a good thing that our laws can change—by court decision, legislation, or by constitutional amendment.

Take an interesting case: Until recently a farmer believed he owned his property rights straight up as high as he wanted

to claim them—to the sky even. But meantime, the airplane flew these skies. If your ownership went to the sky, you could stop anybody's flying over your property. Or, you could charge him a toll. But if land owners got a toll on airplane fare, travel would soon become too costly.

How do we change a system of laws to keep the essential use of our property and yet make people enjoy airplane travel, and travel?

You could not tell briefly how this was done. But within the past few years, we have carved out a whole new body of law by court decision and by law making. We have met the new problem without impairing unduly the older property rights of holders.

## Master-Plan Sewer Bonds to Go on Ballot This Year

Members of the San Diego Chamber of Commerce will travel to San Francisco, January 25th, to inspect that city's modern sewage-disposal plant.

The inspection will lend firsthand information on guiding the Chamber on possible endorsement of a \$16,000,000 bond issue for construction of new sewage-disposal plant in San Diego. Tentative plans call for placing a bond plan for the plant on the ballot at the June 8th election.

The plan is one developed by the county.

## Yo-Yo Contest to Attract Top Talent

Playground Yo-Yo competitions beginning in San Diego County areas Monday will culminate this year in a California State Yo-Yo Championship in Balboa Park March 13.

Awards range from college scholarships to State winners to all-wool sweaters with gold star emblems for playground champions and chenille awards to district winners. Weekly contest winners of playgrounds will receive emblem awards.

## State Sets Job Exams for College Engineer Students

Applications are being taken now on a group of state positions open to college graduates of the class of '54.

The jobs are set up by the State Personnel Board so that specially trained college students may take civil service examinations during their senior year. They are then qualified for appointment after graduation.

The classifications are junior civil engineer, junior mechanical engineer, junior electrical engineer, junior sanitary engineer, and junior structural engineer.

A similar senior-year exam with a deadline of Feb. 5 has been set for junior accountant-auditor.

The junior engineering jobs all carry a salary range of \$376 to \$415, while the junior accounting position pays \$310 to \$341.

Earlier graduates in these lines, as well as persons with special experience to substitute for the educational requirement, may also apply.

is expected to compete. San Diego tournaments will be conducted by the City Park and Recreation Department, while Lemon Grove, La Mesa, Chula Vista, Oceanside, Coronado and National City are expected to hold qualifying events.

## State Offers 5 Career Jobs To Young People

A group of positions for Lemon Grove young people who hope to work up into governmental executive ranks has been announced by the State Personnel Board. They require either college graduation or specialized experience.

Completion of a two-year graduate curriculum in psychiatric social work may admit applicants to the examination for junior psychiatric social worker. Applicants may also qualify with one year's experience in psychiatric social work and completion of a two-year graduate course in social work.

Junior psychiatric social workers earn \$325 to \$375 monthly.

Junior librarians paying \$295-\$358; junior aquatic biologists \$310-\$376; food and drug inspection trainees \$295-\$341; and game conservation aid, \$255-\$310 are also needed.

The customary one-year's residence has been waived for junior psychiatric social worker, junior librarian and junior aquatic biologist.

Official application forms may be obtained from State Employment office on Columbia Street in San Diego.

## Technical Jobs Available for Grove Residents

Examinations for 15 types of state jobs calling for trained specialists were announced today by the State Personnel Board.

## State to Pick Counselors for Schools, Camps

The state will select a number of counselors for the young people under its care in a set of examinations next March 6, the State Personnel Board said today.

Among positions to be filled are a number as boys' group supervisor and girls' group supervisor. Both jobs pay \$310 to \$376 monthly. They require two years' experience as supervisor, instructor or leader of groups of men and women or boys and girls, or two years' college training. Work is at the schools and camps maintained by the California Youth Authority.

There also will be examinations for counselors at the state schools for the deaf at Berkeley and Riverside and the school for the blind at Berkeley. These positions, which pay \$295 to \$358 call for two years' experience in education or recreation work

## Fudge Goes To A Party

Here is a new and glamorous fudge—a rich coconut confection with an accent of bittersweet chocolate. It's perfect for parties, for holiday occasions, and to include in a gift box of homemade candy for a friend or neighbor. Make an extra batch for family enjoyment at the same time. Like all good things, it disappears fast—but then it's so easy to make! Just blend cream cheese with confectioners' sugar, coconut and flavoring. You can depend on a perfect pan of fudge every time. And you'll be delighted with the smooth texture, the sweet, but not too sweet flavor, of fudge made with cream cheese.

**Chocolate-Topped Coconut Cream Cheese Fudge**  
 1 3-oz. pkg. cream cheese ½ teaspoon vanilla  
 2½ cups sifted confectioners' sugar Dash of salt  
 1 cup, square unsweetened chocolate, melted  
 ½ cup shredded coconut  
 Place the cream cheese in a bowl and cream it until soft and smooth. Slowly blend the sugar into it. Add the shredded coconut. Mix well. Add the vanilla and salt and mix until well blended. Press into a well greased shallow pan. Place in the refrigerator until firm (about 15 minutes). Spread the chocolate on the fudge and score the chocolate into squares. Place in the refrigerator until the chocolate hardens. Cut into squares following the scored pattern.
